<u>Emily Osborn</u>

Emily Osborn is not only a teacher at Absolute Dance, but also an alumna. She took her first ballet class with Absolute at the age of three and has been training in multiple styles ever since. Emily has danced competitively and performed in numerous ballets, with her favorite role being the Witch in *Snow White*. In May 2025, Emily graduated from Colorado Mesa University with a degree in biology and plans to attend a Physician Assistant program in the future. Her background in biology allows her to connect her understanding of anatomy, development, and motor control to dance. Emily has always loved the sense of community and the feeling of "home" at Absolute Dance, which is why she continues to be part of the studio today.
